## SHOOT ME!

After a 100-mile-an-hour highway gun battle in which two policemen were wounded and an elderly couple injured, policeman Kenneth Becker stands over a suspect as other officers close in. The suspect, wanted for questioning, fled from police in his car and fired at police giving chase. He eventually crashed into the car driven by the couple, and when he attempted to flee, Const. Becker ordered him to stop. He turned and ran toward the officer shouting: "Shoot me!"

## Australia Blasts Soviet On Bid at "Blackmail"

UNITED NATIONS (CP) — Australian Foreign Minister Sir Garfield Barwick declared today that in the minds of the people of the world the Berlin wall "has replaced the hammer and sickle as the symbol of communism."

"The foreign minister of the Soviet Union spoke of peaceful coexistence," Barwick said. "But peaceful coexistence as interpreted by the Soviet government means the continuation of the struggle to win the world for the Communist system and to exploit situations in both Western and non-aligned countries wherever they occur."

He criticized Gromyko for saying the Soviet Union would not pay anything for The Congo costs. "Refusal to pay is a naked attempt to blackmail those of us who are responsibly playing our part."

## Federal Agents 'Freeze' Purses In Title Fight

WASHINGTON (AP) — Hundreds of federal revenue officers fanned out across the United States Tuesday night and today in an effort to seize some \$5,000,000 of receipts from the Patterson-Liston heavyweight title bout.

The aim was to collect \$3,900,000 in taxes which the government claims is owed by the promoters of the fight and the organizers of closed-circuit TV showings of the one-round encounter in which Sonny Liston grabbed the championship from Floyd Patterson in Chicago's Comiskey Park.

Officials said that, while they were bent on impounding the full proceeds due the promoters, they were also trying to prevent the promoters from using the money to pay the prize money to the fighters.

## HER BOOK A SELLOUT

## Dying Child's Wish Granted

LONDON (AP)—The dying wish of a gay and courageous child came true today. The strangely moving book that 10-year-old Suzanne Reynolds worked on against time was put on sale in British bookshops. In many, it was an immediate sellout.

Suzanne died of cancer last February. But not before she finished her life's work. She finished writing Snowy and the Christmas Fowl the day before she died after a last desperate operation to save her life.

Said her mother, Mrs. Eileen Reynolds: "It's exactly as she wrote it. No alterations. Just a punctuation here and there."

## NAMES IN NEWS

## Deaf Mute Found Unfit For Trial

Benjamin Edwin Muldoe, 18-year-old deaf mute, was found unfit to stand trial Tuesday in Prince Rupert on a charge of non-capital murder.

A 12-man assize jury recommended the youth be committed to a "suitable institution."

Muldoe was charged with the July 23 strangulation death of Mrs. Josephine Marie Macdonald, 49, whose body was found by her husband at their roadside cafe near Shave, 20 miles west of Terrace.

Sir Oswald Mosley, self-styled leader of England's Nazi party, arrived in Buffalo, N.Y., Tuesday night amid mounting protests over his scheduled appearance at a student-sponsored forum at the State University of New York at Buffalo.

Dr. Hardy Purdy, former president of the government-expropriated B.C. Electric, denied in Supreme Court at Vancouver Tuesday that possible rate cuts were discussed to "forestall expropriation" of the giant private power enterprise.

R. E. Lester, president of the British Columbia School Trustees' Association, said Tuesday in Calgary, indications are the B.C. government has imposed a "freeze" on all school spending except classroom requirements.

CRIME PROBE Hears About Mystery Man

TORONTO (CP) — Reappearance of Peter (Scrip) Mitchell, a mystery figure in evidence given before the Ontario royal commission on crime and believed to have been disposed of by the underworld about two years ago, was reported to the commission today.

Mr. Justice W. D. Roach, the commissioner, immediately issued an order for the summoning of Felix Borelli, Niagara Falls gambler, after gambler Joseph McDermott had testified Borelli has heard Mitchell is alive.

Mitchell has been mentioned frequently in evidence as a hanger-on of Niagara area gambling operations and occasional police informant. Commission authorities have expressed belief his body might be at the bottom of the Niagara gorge.

But today McDermott told Mr. Justice Roach that Borelli told him within the last fortnight that the latter had heard that an acquaintance — whose name McDermott did not know — had informed the Ontario Provincial Police that Mitchell is alive and living around Fort Erie, Ont.

SEAT BELTS URGED HARRISON HOT SPRINGS (CP)—The B.C. division of the Canadian Medical Association Tuesday night passed a resolution asking the provincial government to require installation of seat belts in front and back seats of every car.

NEGRO TURNED BACK AT CAMPUS OXFORD, Miss. (AP) — Officers turned back Negro James B. Meredith at a gate to the campus of the University of Mississippi today.

## PROPOSAL BY MEDIATORS ENDS B.C. STRIKE, LOCKOUT

VANCOUVER (CP)—The strike and lockout of some 700 electricians which stopped work on numerous British Columbia projects was called off by union and management Tuesday night pending consideration of a proposal made by government mediators.

The 700 employees locked out by 25 contracting firms were ordered to report for duty Wednesday morning.

The lockout of electrical employees at 25 contracting companies followed a strike by the union Friday at the Tide Company of B.C. here on the issue of wages. The action tied up work on such projects as a multi-million-dollar extension to the Vancouver Vocational School here, the government-owned B.C. Hydro and Power Authority's thermal plant at nearby Port Moody and line work undertaken for B.C. Hydro.

## KAMLOOPS SLAYINGS

## US Police Pay Tribute To 3 RCMP Constables

WASHINGTON (CP)—In the first ceremony of its kind, the central body of all United States police forces today paid tribute to the courage of three young RCMP constables killed in attempting to capture a demented British Columbia gunman three months ago.

"We hope this will further cement good relations between our law enforcement officers and yours," said Royce L. Givens, secretary-treasurer of the U.S. National Conference of Police Associations, as he presented plaques to Vancouver-born Inspector George Ashley, a veteran officer with many years of service at Ottawa.

Ashley, now RCMP liaison officer in Washington, accepted the memorials on behalf of Commissioner C. W. Harvison.

## Mercy Air Lift Starts For Plane's Survivors

CORK, Ireland (AP) — Two RAF helicopters began lifting injured survivors of a ditched American airliner off the Swiss rescue ship Celerina today.

The first to be removed from the vessel in the hazardous aerial operation were three stretchers and four persons less severely injured.

The Celerina had radioed that a total of 14 of the 44 survivors aboard — American servicemen and their wives — needed to be taken to shore hospitals quickly.

Ambulances, doctors and a police escort waited at the Cork docks as the helicopters flew in from their rendezvous with the Celerina 30 miles southwest of the Irish coast.

The Celerina is bound for Antwerp with 44 of the 48 American survivors.

'Lost' Oyama Hunter Located VERNON (Staff) — A search involving about 20 men for a lost hunter was called off late last night when William Wall, 42, reported missing in the Oyama area by his wife at 10:20 a.m., walked into police headquarters here.

Mr. Wall was feared lost when he failed to arrive home and was reported to have said he was going hunting in the Oyama area. Mr. Wall was hunting about 30 miles north of Vernon and said his car broke down and he was forced to walk back to the city.

## South Spain Shattered During Rapid Deluge

BARCELONA, Spain (AP) — Floods and hurricane winds swept Mediterranean coastal towns near here Tuesday night and a government spokesman reported 246 bodies had been recovered and 395 other persons were missing.

This announcement came as fresh thunderstorms roared over the hilly region north and west of Barcelona where several hours of torrential rains and heavy winds smashed homes and other buildings.

Officials said they feared the toll of dead and missing might go even higher. Several villages whose residents normally worked in textile plants near Rubi. They are situated from 10 to 15 miles northwest of this city.

A stream running through Rubi suddenly swelled under the deluge and swept away a development of new houses in one district.

Official sources gave the following preliminary breakdown of victims: Tarrasa—91 dead and at least 51 missing; Sabadell—30 dead; Rubi—44 dead, 300 missing; Molins de Rey—13 dead and 15 missing; Sardenola—eight dead and seven missing; Moncada—12 dead and 11 missing; Prat de Llobregat, 13 dead; San Quirico de Tarrasa, 12 dead.

## Douk Situation Boils: Hassle Over Children

PRINCETON, B.C. (CP)—The Sons of Freedom Doukhobor situation, which began Sept. 1 when hundreds of sect members left their burned-out stronghold in the Kootenays on an avowed 400-mile trek, appeared to be coming to a head today.

Attorney-General Robert Bonner told reporters in Victoria that a "misunderstanding" appeared to have developed over schooling of Freedomite children and the RCMP roadblock here.

The government's interest in seeing that children of the trekkers attend classes has not changed, he said.

Tuesday, seven Freedomite mothers tried to go through the roadblock at their encampment to register their children in schools at Princeton, about 12 miles to the west.

They were stopped by police, who told them they could not go west, under instructions from the attorney-general's department.

The roadblock has been maintained for almost two weeks following instructions to the Freedomites that they should return east, not west to their off-claimed goal to "join our brothers" at Mountain Prison in Agassiz.

Only a few days ago Education Minister Leslie Peterson warned the Freedomites to send their children to school.

NEW STRONG MAN Emerging as the strong man after the army revolt the shook Argentina, is Alvaro Alsogaray, above, who took the first step Tuesday night toward restoring civilian authority in high positions. He was immediately balked by the navy, and the impasse continues.

## Soviet's Port in Cuba Seen as Panama Threat

WASHINGTON (AP) — U.S. defence sources said today they believe the fishing port to be built in Cuba with Russian assistance is a camouflage for a naval base that could threaten the Panama Canal.

They said such a port equipped to overhaul, repair and supply Russian and Cuban trawlers also could serve as a support base for submarines and torpedo boats.

The plans to build the port in Havana Bay as headquarters for Cuban-Russian Atlantic fishing fleet were unveiled Tuesday by Prime Minister Fidel Castro.

Many of Russia's 3,000 trawlers are known to carry radar and other electronic equipment with which they have monitored U.S. missile test shots from Cape Canaveral, Fla., and have observed U.S. fleet manoeuvres.

The small flotilla of Russian trawlers which arrived in Havana last summer is equipped with electronic detection equipment.

Officially, the U.S. government kept silent on Castro's announcement. But privately, military officials were concerned.

"We can't allow this sort of thing to go on," said one highly-placed officer. However, he and others indicated they felt there is little prospect of any direct U.S. preventive action now.

U.S. military strategists noted that the Russians already had taken steps that could put them in a position to cut off vital western shipping lanes in critical areas of the world.

The Russians have built a base in Yemen astride a lifeline through the Red Sea.

Sources said there are reports the Russians will construct a support for Morocco close to Gibraltar and the narrow passage connecting the Atlantic with the Mediterranean.

Added to this, the U.S. authorities said, Russia has supplied considerable military aid to Indonesia which has closed Singapore and the strait of Malacca—a main course for vessels operating between Europe and Australia and New Zealand.

## U.K. Concern At Cuba Port

LONDON (AP)—The British government expressed concern today over the Communist buildup in Cuba but officials declined comment on Soviet aid to Prime Minister Fidel Castro in building a fishing base on the Caribbean island.

A foreign office spokesman said the government is in close consultation with American officials on the general Cuban problem.

## WORLD-WIDE PLAN

Some military authorities said construction of a Russian port in Cuba appears part of a world-wide plan to position Soviet naval power where it could pinch off key Allied shipping routes.

## Legion Admits New Members At First Meet

Thirteen new members were initiated into the Kelowna Branch 26, Royal Canadian Legion at the season's first general meeting held last night at the Legion Hall.

The 13 were welcomed by branch president Art Gordon who presided over the initiation ceremonies assisted by membership chairman Jack Appleton and James Braniff.

New members of the branch are H. H. Hurlstield, C. F. Butler, C. T. Graham, M. S. Houston, P. W. Morrison, W. J. Zaiser, A. Grassick, E. J. Jones, Evans, Cecil Dench, Marguerite Madore, W. W. Kashur, R. F. Wollner and C. V. Gale.

### CHARTER FLIGHTS

Branch 26 are also planning two overseas charter flights, similar to the one to Britain last April which was an outstanding success.

The flights, applications for which are now at the branch manager's office, will be for Legion members and their families of the North Okanagan zone.

A flight to the United Kingdom of six-weeks duration is planned from May 5 to June 15 with a second charter flight to Hawaii slated between Feb. 15 to Mar. 3, a 17-day holiday excursion.

## ONCE OVER LIGHTLY

By DAVE SHEPHERD

Talking to recreation director JACK BROW the other day, I happened to mention I would like to get into better shape (which really means any other shape than I'm in now) at his "keep fit" classes this fall and winter.

To Jack, of course, a man like me is a challenge. I've devoted altogether too much of my life to doing things which are now showing—terribly.

But I'm not alone—not by a long sight.

I can still do a dozen pushups if pressed into it which is more than teenagers can do in Kelowna and across Canada.

And when I was going to high school "way back then" I was in magnificent shape. Even when I was in the army I could hold my own with the best of the athletes when it came to stamina.

I rode a bicycle 10 miles to school every day. I used to go for one-mile swims and 10-mile hikes on weekends and, I didn't smoke. I ate good, wholesome food without benefit of vitamin pills which, as Dr. Molner says, only supplement inadequate diet.

It therefore behooves me to wonder what has happened to youth physically in the intervening years, and I think I have found part of the answer.

You can't get in shape and stay in shape if you (1) drive to school, (2) sit and watch television half the night, (3) eat nothing but hot dogs and hamburgers washed down with pop, (4) neglect exercising, (5) neglect health habits such as bathing, and (6) smoke heavily.

The Royal Canadian Legion are working on it with their physical fitness and athletic program.

The federal government, I recall, earmarked \$5,000,000 for recreation, though little news has been coming forth lately about the whereabouts of the money or what it's being spent on in Canada.

Prince Philip, an ardent amateur athlete, expressed deep concern over deteriorating fitness standards and therefore brought down criticism, but not before a great many people suddenly realized he was right.

Personally I do not believe one can blame "changing times and habits." Humans will always need health—always have. The secret seems to be determination coupled with work. There is no easy way of getting fit.

Jack Brow in Kelowna is one man whose services to this community are invaluable. He can, if you listen and work, give you back that old bounce, lost at the battle of the table (whichever kind of table you happen to frequent).

I for one, am disgusted with myself and intend to do something about it pronto.

I hope others will join me, for we'll all feel better.

"Hup, two, three. Hup, two, three . . ."

## Jaycee Membership Meet Outlines an Opportunity

Over 100 turned up to attend the Kelowna Jaycees' membership drive dinner meeting at the Capri Motor Inn last night to make the affair one of the biggest and most successful Jaycee meetings ever held in Kelowna.

Sixty of the guests were prospective new members of the dynamic young men's service club, a factor which vindicated all concern of chairman John Dyck and his membership committee.

Speaker Ed Dickins, past president, provincial director, life member and a Senator in B.C., who was president of the B.C.-Yukon Jaycees last year, brought a message to the new prospective members, the results of which will undoubtedly enlarge the number of Jaycees in Kelowna.

### AN OPPORTUNITY

He told the gathering they had come to the meeting because they could see an opportunity and then he outlined Jaycee objectives.

These included service in municipal affairs, leadership training, community betterment and Canadianism.

He also gave credit to "a fine group of girls" the wives of Jaycees—Jayettes.

"The Jaycee creed exemplifies effectively to you what Jaycee means. It exemplifies good citizenship and gives one an opportunity to participate in service. It is service above profit and self seeking. You are asked to better yourself so you can better your fellow men and your community," said Mr. Dickins.

Kelowna Jaycee members. Front row from left: Mayor R. F. Parkinson, charter president of Kelowna Jaycees, John Dyck, membership chairman and O. L. Jones, another charter Jaycee director. Back row, left to right are newest Jaycee members Bob White and Laurence Denter.

### NO MAGIC FORMULA

"Jaycee has no magic formula or solution. It is established in 80 countries of the free world. Unfortunately I say 'free world' for their are other creeds, this year we gained in the Congo but lost in Cuba with Jaycees."

Mr. Dickins invited all prospective members to join Jaycees with the words: "You must participate to benefit."

"This meeting is not meant to be a challenge. It is an opportunity," he stated.

He was introduced by Bob Gordon, a past president of Kelowna Jaycees and now of Vernon. Thanks were spoken by chairman John Dyck.

### SPECIAL GUESTS

Welcoming the group were Mayor R. F. Parkinson, J. Bruce Smith, president of the Kelowna Chamber of Commerce and Ted Thorp president of Kelowna Jaycees.

"Jaycees are a wonderful thing to belong to. There are so many jobs to be done in this and every community," said the mayor.

J. Bruce Smith urged similar work by young men for the betterment of the community and of themselves.

### TOASTMASTERS Election Soon

Kelowna Toastmasters, at their weekly dinner meeting, listened to four excellent speakers in the club.

Charlie Webb and Charlie Whinton, two members from Peachland, won all the honours. Mr. Webb won the Grant Bishop Memorial Trophy as the best speaker of the evening for his speech to the Club entitled "Time to Do Many Things."

He said most of us waste our time or complain that we don't have enough time to do the things we want to do. In essence, we procrastinate and rob ourselves of a chance to achieve great things both material and spiritual.

Mr. Webb continued: "We could all take a leaf out of the newspaper man's book on the use of time. In the short time that he has, before putting the paper to bed, he has to inform, to entertain, to uplift the spirit and show a profit; and he does it very well. We could all use his attitude towards time."

Mr. Whinton won the Toastmaster Medallion for contributing the most educational part of the evening with his lecture on "Parliamentary Procedure."

Toastmaster of the evening was John Hempsford. General evaluator was Evan Williams. Table topic master was Mr. Whinton, and table topic critic was Lorne Purches.

Three other speakers of the evening were Peter Russell, who spoke on "The Monotony of Monogamy"; Ted Cameron who spoke on "Are Quotas Justified?" and Tom Capozzi on the subject "The Greatest Sport in the World—skiing."

President Ted Cameron announced that at the next meeting there will be an election of new officers for the coming season.

Candidates nominated are Don Wort, Evan Williams, Charlie Whinton, Jerry Hepener and John Hempsford.

All Toastmasters will be invited to nominate other candidates from the floor. Guests of the evening were Bob Wannon, Mark Lees and Donald Bennett.

### Ask The Man Who Knows!

A few of the C of C executive members from on being just a face in the crowd.

A last night's executive meeting, it was decided that some form of identification of a permanent nature could be issued to executive members with their names in big, black print so visitors who want to ask the way to the convention hall may ask a man who knows.

Some of the "dog tags" may be on show at tonight's dinner meeting at the Capri.

### THANKS FROM U.S.

G. G. Stamm of Washington, D.C., a recent visitor to Kelowna with other members of the U.S. Bureau of Reclamation who were guests at a City-Chamber dinner Sept. 12 sent along his sincere appreciation to the executive.

A second "Welcome to Kelowna" type of service may be instituted here.

In a letter forwarded to the Chamber from city council, the "Ill Neighbor" welcome service with home base in Calgary, was inquiring about the possibility of setting up a branch of their operation here; the service sends along official greetings from the city to newcomers and sundry other free gifts.

The current service is Welcome Wagon Ltd.

Executive members agreed that subject to investigation by the city, the Chamber of Commerce approves.

## Public Asked To Support Bus Franchise

A second ballot in the Oct. 3 owner - elector's referendum, will be on a bylaw asking voters to approve renewal of a 10-year franchise for Okanagan Mission Stage Lines Ltd. to continue operating the three bus routes within the city of Kelowna.

The first ballot will be on the new \$300,000 sewerage extension and development program, details of which appeared in The Courier on Sept. 18.

A 60 per cent majority of voters in favor is required for passage of the bus franchise bylaw, the same as in a money bylaw, according to Alderman A. Jackson.

The new bylaw on the franchise follows the previous 10-year agreement between the company and the city. Fare structure and schedule would remain the same, according to Ald. Jackson.

"I think they have given good service," he said in urging voters to support the referendum.

## All Is Ready For C Of C Dinner Meeting

Chamber of Commerce's general membership may have some comments to pass along about high rise apartments for Kelowna tonight.

This and other vital issues in the community, including the proposed tourist committee and payroll deductions, will be subjects for a general discussion at the dinner meeting of the chamber at the Capri Motor Inn.

Guest speaker at the dinner which begins at 6 p.m. with a social half-hour is Penitton Mayor Maurice Finnerly, who will be introduced by R. L. Sharp, local C of C executive and former Penittonite.

Following a short questioning of the speaker, a business session will be held.

## LIBERALS WILL GO

South Okanagan Liberal president Arthur P. Rowe, said today that his group will undoubtedly have representation at the annual B.C. Liberal party convention in Vancouver on Oct. 27. Actual delegates however, have not yet been chosen.

## WESTBANK NOTEBOOK

### The Readers Reacted Now For Suggestions

By DOROTHY GELLATLY

Plenty of reaction from last week's "Notebook," with most people concurring heartily with both text and headline, which latter read: "Highway 97 Traffic Managing Villagers' Life and Limb." Matter of fact the Courier hadn't arrived in Westbank more than an hour when I got my first phone call congratulating me for pointing out just how dangerous Westbank's main street has been for pedestrians during the past summer.

### ONE OMISSION

However, I was later told of one omission in the way of a solution to this heavy traffic "bypass." That doubtless will come eventually, but what of the interim?

Peachland pedestrians have an underpass to escape heavy traffic on Highway 97, and in their case it might almost be termed a "natural"—something not so easily arrived at on Westbank's main street.

Another comment was by way of a question . . . Can't you say something about a crosswalk or school sign for children who get off the school bus along the highway?

A mother concerned for the safety of her children at the Ross Road intersection of the highway . . . Matter of fact, there are three mothers whose nine children have to get off the bus at this point, and those mothers claim that motor vehicles travelling the opposite way, frequently do not stop when the school bus is standing.

## NOT ONLY HERE

Apparently Ross road parents are not the only ones concerned about this traffic violation, for an editorial in the Daily Courier issue for September 22 deals with this very subject, and is entitled, "Just Do Not Pass," and reads in part: "Most drivers who fail to stop as required do not do so because they are unaware of the regulation. It has received comparatively little publicity, either by direct publication or as a result of prosecution of offenders."

### JUST DO NOT PASS

The last paragraph reads: "Don't pass any school bus which stops on a highway to load or unload passengers—whether it is on your side of the road or whether it is on the other side. Just do not pass."

I'm inclined to agree with this

## GORE HEARING TO OCT. 12

# \$2,000 Bail Bonds Set In Assault Case

The hearing scheduled today for R. C. Gore of Kelowna, charged with fraud, was given a further remand to Oct. 12 by consent of both crown and defence counsels.

The remand was granted by Magistrate D. M. White. Crown prosecutor is Brian Weddell and representing Gore, former manager of the Kelowna Credit Union, is A. D. C. Washington of Penitton.

### ASSAULT CHARGE

Gerlad Joseph Wildeman of Kelowna, arrested Tuesday was charged in police court today with assault causing bodily harm to Joseph Bernard Teller of Vancouver. Bail for Wildeman, who made neither election or plea was set by Magistrate White at two sureties of \$1,000 each. His case was remanded for election to Thursday morning.

Sebastian Deck of Kelowna today pleaded not guilty to impaired driving Tuesday after he was arrested following a four-car collision at Ellis St. and Harvey Ave.

Remand date was Oct. 4 at 10:30 a.m. Deck is represented by P. D. O'Neill who arranged bail for the accused last night.

Police said today the collision occurred at 5 p.m. when the Deck car apparently ran into a second one driven by Isaac Unrau of Kelowna which in turn hit one driven by Martin J. Peters of Prince Albert, Sask.; the Peters car ran into a fourth one driven by John Flechl of Kelowna. Total damage to the Peters and Unrau vehicles was \$500 with no apparent damage to the other two.

### TRAFFIC COURT

Edward Schneider of Rutland was fined \$50 and costs for

driving his logging truck with a 11,340 pound overload. The vehicle was checked at the Rutland weigh scales, Schneider pleaded guilty.

Marion Baumgarten, Monis Rd., pleaded guilty to travelling 40 mph through both a 30 mph and a 20 mph school zone on Black Mountain Road. She was checked by radar and told court she was late for work, hence the speed. Fine was \$25 and costs.

George Flesse, Rosnake Ave. was also caught by radar on Black Mountain Road and pleaded guilty to speeding. Fine was \$15 and costs.

### THEFT CHARGE

Nine persons appeared in police court Tuesday before Magistrate D. White and when the sitting was over \$446.50 in fines and costs had been levied against offenders.

Charles Gaudreau of Winnipeg, recently of Kelowna, faces a charge of theft.

Gaudreau did not enter a plea. He is represented by J. Peacock.

Bail was set at \$250 cash.

Robert Materl of Kelowna was fined \$50 and costs for consuming in a public place in Princeton and a further charge of speeding in a district schools zone brought a \$25 and costs fine. He pleaded guilty to both charges.

### TRAFFIC CASES

Nell David Kiene of Kelowna pleaded guilty to exceeding the speed limit against a highway sign and was fined \$100 and costs. His driver's licence was recommended suspended for six months. It was his third speeding offence within recent months, court officer R. Foreman told the court.

Edward Hamanishi of Kelowna was fined \$100 and costs for drag racing on Pandey Street. A recommended licence suspension of three months was imposed. He pleaded guilty.

Police had to travel at 90 miles an hour to catch accused who was said driving at speeds up to 75 miles per hour.

Praser Marcel of Westbank pleaded guilty to being intoxicated in a public place and was fined \$25 and costs.

Arthur Marty, John Welsbeck, John Wilson and Emil Ehl, all of the Kelowna district, were fined for exceeding the speed limit in schools zones. Welsbeck was fined an additional sum for driving without a licence. All pleas were guilty.

Wed., Sept. 26, 1962 The Daily Courier Page 3

## Chamber Policy Fruit Industry May Reconcile

Kelowna Chamber of Commerce will investigate the possibility of changing its national policy on marketing.

The present policy, which was approved again at the national Chamber of Commerce convention meeting last week in Vancouver, generally is, that marketing should be voluntary not compulsory.

C of C president, J. Bruce Smith, a delegate with vice-president T. C. MacLaughlin at

the convention, said an attempt was made by the Saskatoon C of C to have the words "in general" inserted after the word "marketing" but with no success.

### THE REASON

Mr. Smith commented that it was rather rare for one of the policy statements to be questioned. Mr. MacLaughlin said the amended statement would be applicable to the B.C. Tree Fruits operation and was one of the main reasons why the fruit marketing board has resigned from the Chamber of Commerce.

Tree Fruits, which is a sense is a voluntary organization since it was created by the growers, is nevertheless the sole marketing agency for fruit industry in B.C.

"Tree Fruits just can't reconcile their policy with that of the Chamber," he said.

Mr. Smith added since fruit was the largest industry here, the local C of C should do everything in its power to back up Tree Fruits.

### LOW IMAGE

"Besides, our image with the fruit growers is pretty low; perhaps a move like this would help raise it," said Mr. Smith.

The Chamber's agricultural committee was instructed by the executive Tuesday to make some preliminary investigations on possible changes in the national policy and report back before other Valley C of C's which would also be concerned with both the fruit industry and the policy statements be notified and asked for their support or opposition.

Mr. MacLaughlin pointed out when some opposition was raised to making their idea public at this time until investigation could be made that the local Chamber would have to collaborate with other Valley groups in any event.

### TO BE REMEDIED?

Anyway, we understand that the mothers concerned with the Ross Road intersection have written a joint letter to the school board asking for remedial action. And we are very sure that the school board will be only too pleased to do whatever is possible to overcome the existing danger to children throughout the district.

## LADIES GIVE HOSPITAL NEW EQUIPMENT

A recent presentation to the Kelowna General Hospital by the Women's Hospital Auxiliary included 10 pairs of varisocks, a wheelchair, a Gomco suction unit and an infra-red lamp. The items of equipment, some of which are pictured above, are valued at about \$600. They were handed over to the hospital board which was represented by trustee A. D. Cryderman. At the presentation, left to right are: Mrs. J. C. Taylor, Mrs. C. Dymond, night supervisor, Mrs. Clark, A. D. Cryderman, trustee, and Mrs. A. R. Fortin. Also present at the brief ceremony was Miss C. C. Sinclair, director of nursing, who is not in the photo.—(Paul Ponich Studios Photo)

## United Church Shows The Way On Divorce

It is encouraging to note that the leaders of the United Church of Canada have taken an honest and courageous approach to one of Canada's great social problems, divorce. The church has recommended that the federal government appoint a royal commission to look into the whole subject of divorce, including an enlargement of the grounds upon which it may be granted in this country. It suggests such things as wilful desertion, gross cruelty and insanity that fails to respond after five years of treatment, should be considered as worthy grounds.

Thus the United Church is the first major church body in Canada to face up to the injustice and hypocrisy that are implicit in our present divorce law, and to recommend that the government take action to correct the situation. The Anglican Church did discuss the matter at its general synod but took no concrete action. It, however, did not tackle the basic problem which is that the divorce law no longer conforms to the needs or beliefs of the majority of Canadians.

The only legal grounds for divorce in most Canadian provinces is adultery. Nova Scotia has cruelty as a ground, having had it before Confederation. Two of the provinces, Quebec and Newfoundland, have no divorce courts and their divorces are processed through Parliament, in an inefficient and negligent fashion that has brought that institution into contempt.

Since marriages break down for a number of reasons other than adultery, a widespread habit of perjury has developed. Thousands of Canadians have gone into court and committed perjury by swearing that adultery has been committed when it has not been committed. The courts have known that they did so. Parliament has known that they did so. This tacit condoning of the situation by these two institu-

tions has been destructive to their dignity and honor and has exposed Canadian law to disrespect.

But many Canadians trapped in unbearable or virtually non-existent marriages either refuse to perjure themselves or find that perjury will not work for them. These are the most distressed victims of our antiquated divorce law. In most civilized countries they could go into court and swear to the truth, and the court would be empowered to give them release. But not in Canada.

The responsibility for this situation, which awards freedom from perjury and a matrimonial prison for the truth, rests squarely on the federal government. Under the British North America Act jurisdiction over divorce is granted to Ottawa. However no government, of whatever party, has had the courage to initiate reform. Each has feared any move to broaden the grounds for divorce to conform with the needs and desires of the majority of Canadians would damage it, politically, especially in the Province of Quebec.

The proposal of the United Church offers a way to deal with this political cowardice. A royal commission on divorce could not fail to expose the whole shoddy situation, the extensive perjury, the debauching of our courts and of Parliament, the grievous injustice inflicted upon thousands of individuals. Once the facts were on the table, fully visible to the nation, a government would require less courage to act than not to act.

The United Church leaders have done the country a service. What they urge upon the government is that it look at the situation honestly and deal with the facts as they are disclosed; they do no more than suggest where reform might be required. It is time the government took the look that is asked of it.

## Fire - Let's Fight It

The hand of human carelessness writes a ghastly message in the ledger of our nation's life. The facts are burned deep.

In the last 10 years more than 5,000 lives were lost in fires (many of them young children). More than 500,000 homes were destroyed or damaged. More than one billion dollars in property was consumed.

A tragic picture—a disgrace! All of that, but more important a national tragedy that could have been averted by simple care.

How simple? By care in smoking. By intelligent use of heating and electricity.

By cleaning out trash. By keeping matches away from young hands.

On the job, by a greater devotion to the easy rules of safety.

Fire is an economic blight. The total loss of the last decade dwarfs that of any other period.

We can't afford fire at any time. In today's "tight belt" living, we must do better.

A good rule: Think about fire wherever you are. Don't give fire a place to start.

In Kelowna, closer to home, we have top notch firefighting equipment and trained personnel to operate it.

But we don't want to use either if at all possible.

Kelowna knows what fire can do. Its effect on the community.

That's why we must, at all times, prevent tragedy from striking by daily consciousness of fire and its prevention.

## In Passing

Of course, crime doesn't pay. And, on the other hand, good behavior and honesty don't yield a fortune overnight.

Almost everything is mixed up these days. Item: A motion picture theatre marquee reading, "Black Tights—In Technicolor."

Algeria's post-natal pains in connection with the birth of independence seem to be about as intense as were her labor pains.

Some organizations are too strict in enforcing bylaws, a recent glaring example being the expulsion of a girl from a nudist colony because she wore ear bobs.

Anybody these days who doesn't

believe that hell exists knows very little about current world conditions.

It is reported there were 15,000 accidents on golf courses in 1961. It is wondered how many holes-in-one are included in the figure.

Scramble provers: Don't hitch your wagon to a gift horse.

It's a pity that a person with a long face doesn't refrain from flapping his underling jaw.

U.S. Postal rules forbid the mailing of "exhausted tea" to Zanzibar.—Newspaper filler. That's a good rule. If the tea were exhausted when mailed, it would doubtless have a serious sinking spell before it reached Zanzibar.

THE WALL THAT WALKS LIKE A MAN

## Soviet H-Test 'Bigger' Than Any US Detonation

WASHINGTON (AP) — The Russians have detonated nuclear blasts in space at least 28 times as powerful as the U.S. high-altitude explosion which sent a new radiation belt whirling around the earth July 9, a comparison showed today. The U.S. Atomic Energy Com-

mission announced that the size of the U.S. blast July 9 high over the Pacific Ocean was put at the equivalent of 1,400,000 tons of TNT. Other sources said the Soviet high altitude blast of Aug. 5 was equal to 40,000,000 tons of TNT. Informed sources outside the

AEC said the information was being released to show how even a relatively small nuclear device could create high-altitude radiation of considerable strength testing.

The AEC said the information on the U.S. shot was being made available to scientists to assist in their studies of high this blast knocked out communications from three U.S. satellites, as electrons from the nuclear explosion formed a belt around the earth.

The new information also set the altitude of the U.S. blast at 250 miles, some 40 miles higher than the previously reported altitude.

The Soviet tests are held high above the Arctic island of Novaya Zemlya and so far there have been no indications of what altitude the Russians used.

### U.K. UNIVERSITIES

There are 17 degree-giving universities in England, four in Scotland, one in Wales and one in Northern Ireland.

### TODAY IN HISTORY

Sept. 26, 1962 . . .

The 81,235-ton Queen Mary, first British luxury liner to exceed 1,000 feet, was launched 28 years ago today—in 1934—after royal christening at Glasgow. Four years later she captured the Atlantic blue ribbon from the Normandie with average speed of 31.7 knots, crossing in 4½ days. 1815 — Austria, Prussia and Russia formed the Holy Alliance.

1959—Prime Minister Solomon Bandaranaike of Ceylon died of bullet wounds inflicted by an assassin. His widow was later elected prime minister.

### UNITED KINGDOM OPINION

## Five Universities Will Cost Money

By M. McINTYRE HOOD  
Special London (Eng.)  
Correspondent  
For the Daily Courier

LONDON—The establishment of at least five new universities in England is going to call for generous contributions from interested individuals to provide the buildings and other facilities which go to make up a university. Proof of this is found in the appeals which are now being launched for funds to bring these universities into the realm of reality. Simultaneously, these campaigns are going on and are meeting with a remarkable measure of success.

At the beginning of October, the new University of Essex, which is to be located at Colchester, will launch an appeal for a fund of \$3,000,000 to provide buildings and endow the venture. This will be the fourth of the new universities to join in the appeal for public subscriptions for university purposes.

### SOME SUCCESSES

The University of Sussex, which is to be located at Brighton, was the first off the mark with an appeal for money. It asked for an initial fund of \$1,500,000. This sum was subscribed in a campaign of 18 months duration. Now its sights have been raised, and the target has been extended to an ambitious figure of \$4,500,000, a target found necessary, it says, "in the light of government economies."

Sums of this size are, however, proving difficult to raise, even for exciting projects like new universities. But two of the most successful appeals are those being made for universities at Norwich and York.

### KEEN COMPETITION

Viscount Mackintosh of Hallifax, the Chancellor designate of the University of East Anglia, at Norwich, has offered a herd of pedigree cattle to York University if it succeeds in beating Norwich in reaching its financial objective. So far, it looks as if York, with a gift of \$300,000 over 10 years from the Joseph Rowntree Memorial Trust, may win its cows. It now has raised \$4,200,000 of the \$6,000,000 for which it is making its appeal.

Norwich, too, has passed the \$3,000,000 mark and its authorities are satisfied with the progress that is being made.

But in both these cases the point is made that money for these purposes is becoming tighter. They have found that just pushing out an appeal folder is not enough, that something different is needed. One spokesman said: "It is very much a question of who you know."

### CHURCHILL COLLEGE

This is a point well illustrated by the fantastic money-raising success of Churchill College at Cambridge, which opens its doors to between 50 and 75 undergraduates early in October. Its direct appeal to industry for \$10,500,000 was put across with tremendous energy and answered in full in little more than a year, with donations still coming in.

For other new universities planned for Lancaster, Warwick and Canterbury the problem of raising funds has not

yet begun. Fortunately, most of the new university centres have enthusiastic corporations and industries upon which they could call.

Other universities are not a fortunate. It must be slightly galling for St. Andrews, for example, to see the sums which are being given to the "new babies" when it is itself, as the third oldest university in the United Kingdom, appealing for \$3,000,000 to improve its student facilities. To counteract the handicap of age, it has called in a professional fund-raising firm, and so far has raised about \$500,000 of its objective.

## Racial Trouble In China

BOMBAY (CP)—Racial troubles are being reported from Communist China, which Premier Chou En-lai once described as "a heaven of tolerance and harmony between various peoples and communities." In recent weeks a number of incidents involving African and Asian students and local Chinese have taken place at various educational centres in Red China. Some were accompanied by violence.

The diplomatic correspondent of the Hindustan Times of New Delhi says China's program of fraternization with African countries is running into serious difficulties. Travellers from Hong Kong also report that Red China from Cameroon have returned home with complaints of racial discrimination. They said that they were "shunned" by the Chinese and socially ostracized. They were also denied access to shops open to other foreign students.

Thirty students who went to Red China from Cameroon have returned home with complaints of racial discrimination. They said that they were "shunned" by the Chinese and socially ostracized. They were also denied access to shops open to other foreign students.

### HOTEL RIOT

A riot was reported to have broken out recently at Peking's Peace Hotel. Some Zanzibar students who went there for dinner got into an argument with the hotel staff and were beaten. Following the incident, 20 Zanzibar students applied for exit permits.

### MOVED INTACT

ST. JEROME, Que. (CP) — A two-story brick commercial building was moved from the centre of this city 40 miles north of Montreal to a less congested area four blocks away. The building—housing several offices—was jacked up five feet and placed on rollers.

### FRUIT WAS ROTTEN

AGASSIZ (C) — Agassiz Harrison Chamber of Commerce has heard a complaint from a member who found dry rot in most of the peaches in a box advertised as being first quality. The chamber will take a protest to B.C. Tree Fruits.

### BIBLE BRIEFS

Therefore we conclude that a man is justified by faith without the deeds of the law.—Romans 3:28.

Good Deeds do not save us, but as surely as we are saved, our lives will be changed and we will do good deeds.

A SPEEDY NEW BRITISH JET AIRLINER

This speedy looking jet is a new British-built BAC One-Eleven. It is a short-haul airliner powered by two rear-mounted Rolls-Royce Spey

turbo-fan engines and has a range of 1,200 miles and a cruising speed of 540 miles per hour. The One-Eleven is designed primarily for eco-

nomical operation over short-haul routes. It can carry up to 70 passengers in big jetliner comfort. Two American

airlines have already chosen the aircraft and have placed orders.—(British Information Photo)

# Women

WOMEN'S EDITOR: FLORA EYANS

KELOWNA DAILY COURIER, WED., SEPT. 26, 1962 PAGE 3

## AROUND TOWN

Lieutenant and Mrs. Alan MacGregor entertained at dinner on Monday evening in honor of Lady MacGregor of Craig House, Lochearnhead, Perthshire, Scotland, who has been a guest at their home during the past week. They left today on a motor trip to Banff via the Rogers Pass and to Calgary where Lady MacGregor will board a plane for Montreal.

Mr. and Mrs. Kenneth Harding are enjoying a motor holiday to Harrison Hot Springs, Vancouver, and Seattle where they will visit the World's Fair.

Miss Jinnie Marty, daughter of Mrs. H. McCall, left Kelowna last week for Los Angeles.

## Okanagan Centre Residents Honor Bride And Groom

On Friday evening last Mr. and Mrs. E. Swanson assisted by Mr. and Mrs. Peter T. Carlson entertained some 100 guests in honor of Mr. and Mrs. J. H. MacGregor and their bride of three weeks.

In June young Mr. Carlson, who was an honor student graduating from Moose Jaw Bible College, met Maida Baskerville of Killarney, Manitoba, where the young couple were married on Sept. 1.

The bride looking very charming attired in her wedding dress was happy to meet so many friends of her husband who had spent his early years in Winfield.

After introductions and congratulations had taken place the evening was spent with music and games, and refreshments followed the presentation of a purse to the young couple who are on their way to Seattle for a continuation of their studies at the Seattle Pacific College.

Mr. and Mrs. N. Moerkourt and children of Westbridge were guests of Mr. and Mrs. E. Cooney over the weekend.

Mr. and Mrs. C. A. Gabel and Miss Louise Gabel motored to Kamloops the first of the week where the latter who is a recent graduate RN of the Royal Columbian Hospital at New Westminster is remaining in Kamloops as a nurse at the Royal Inland Hospital.

**BE PREPARED**  
MONTREAL (CP) — For Marie-Helene Quedine, working hours vary as world crises arise and are settled. As head of the eight-member team of French typists at United Nations headquarters, she worked 20 hours a day for seven days straight last year during the Congo crisis. "If you were not strong and healthy," she said, "you would have a nervous breakdown."

YOUTHFUL CHIC

By TRACY ADRIAN  
There's a youthful chic as well as a certain sophistication about this after-five frock designed by Edward Abbott. The dress is made

of gold and silver metallic cloth. Its fitted bodice has a boat neck, slim, elbow-length sleeves and is lashed above a cross-stitched neckline. The skirt is short and full.

## VISITOR FROM SCOTLAND

An interesting visitor to Kelowna from Perthshire, Scotland, has been the Honorable Gylla, Lady MacGregor, OBE, and Order of the Vasa, first class, who is shown above chatting with her hostess, Mrs. J. H. MacGregor.

An application by the British Columbia Dragoons to the late Sir Malcolm MacGregor, Chief of Clan MacGregor, for the privilege of using the MacGregor Pipe Band in honor of Captain Jack MacGregor, VC, originally interested Lady MacGregor in visiting the Okanagan.

On Saturday evening, accompanied by Lt. Colonel and Mrs. Alan Moss, Lady MacGregor was guest of honor at a dinner party hosted by the B.C. Dragoons which was held in the

Prince Charles Hotel in Kelowna and was followed by a reception at the armories where she met each member of the pipe band personally and was entertained by a display of piping and also of Scottish dancing, when four pupils of Donald Sass danced the 'Highland Fling' and the 'Reel of Tulloch' (the MacGregor Reel).

Before returning to Scotland, Lady MacGregor will travel to Virginia where she will be the guest of honor at the American Clan MacGregor Society dinner which will be held in Richmond this year on October 19 and will be attended by members of the Clan from all parts of America.

## ANN LANDERS

### Even An Aunt Should Pay

Dear Ann Landers: You've helped others. I hope you can help me. My husband has gotten into a habit of plopping down on the sofa after supper to watch TV. He usually drinks about five or six cans of beer and falls asleep. When I get ready for bed I can't budge him. He weighs 220 pounds and you might as well try to move an elephant. I've tried to wake him up but he's a terribly mean sleeper and he hits and kicks me.

In the morning when he wakes up and discovers he's in the living room he gets raving mad. He says his back aches because the sofa is lumpy and his feet hurt because he falls asleep with his shoes on.

When I tell him I tried to wake him up and get him to go to bed he doesn't believe me. I need help and I hope you can suggest something.—JESSIE

Dear Jessie: Your husband is not exactly falling asleep. Passing out is more like it. You can't wake him up because he's in an alcoholic stupor.

If you could persuade him to cut down on the beer your other problem would be solved. In the meantime, get the sofa upholstered and take his shoes off.

Dear Ann Landers: I'm a 14-year-old girl who feels she is being taken advantage of. In July my aunt and uncle moved to this city from another town. They have four children. The oldest is eight years of age and the baby is two.

At first I was happy to help out because my aunt had a lot to do getting settled. I washed and fed the kids, and baby-sat with them during the day. I also sat evenings. I had to pass up going swimming and to the movies with my friends but I didn't complain because I knew I was needed.

Now my aunt expects me to be a nursemaid and a free sinner all the time. She doesn't even ask me. She tells my mother and I am ordered to go over there. My mother says blood is thicker than water and I should not expect pay for helping relatives. I don't agree. If you say my mother is right I will stop complaining. Thank you.—NATALIE

Dear Natalie: I do not feel that your mother is right and I'm not going to say she's right just because she's your mother. Now that your aunt is settled, if she wants you to wash, feed or sit with her children she should pay you as she would pay any other sister. I don't buy the theory that a blood relationship gives people the right to take advantage of one another.

Dear Ann Landers: My daughter recently married a fine young fellow who lives in an eastern city. She has gone there to live. The marriage was an elopement and I've never met the young man's parents.

They have received my daughter most graciously and from her glowing letters they must be wonderful people. Would it be proper for me to write to them? I would like to but I don't know

## Canadian Fashion Picture Casual And Conservative

By PATRICIA RUBAK  
Canadian Press Staff Writer  
Casual, conservative and covered up is the way fashionable Canadian women will look in the coming fall and winter months.

A Cross-Canada Survey by The Canadian Press indicates that women have adopted the free-looking but closely-cut silhouette as emphasized again this season by fashion-setters in Paris and New York.

And, as in international salons, Canadian women have turned from the customary frantic search for unusual designs to a concern for quality of fabric.

Tops in popularity are double knits, light soufflé wools and luxurious tweeds.

Tweed will even be worn to cocktail parties, say fashion consultants at Robert Simpson Company. For example, a brown tweed suit worn with a scarf and large satchel bag during the day can be dressed up for evening with bronze patent leather shoes, a large pin and a bronze beaded bag.

**LEATHER FOR TRIM**  
Leather and suede are also popular trims, and in some centres suits made entirely of leather or suede are being shown.

Almost anything goes in millinery — berets, wide-brimmed slouches, bowlers, top hats, turbans, skullcaps, pillboxes. Hat materials include feathers, velvet and fur.

In Canadian show fashions there is a preference for lower illusion or stacked heels for day time wear although high slim heels are still most popular in some cities, such as Halifax and Vancouver.

Crescent pointed and square-toed shoes vary in popularity from city to city. Crescent toes are most popular in Winnipeg. In Regina the triple-needle toe is the fashion leader. Square toes are favored in Vancouver but have almost been completely rejected by women in St. John's, Nfld., and Halifax.

Color preferences vary. Red and black are popular in Halifax.

Fur is flying high in Canadian fashion. It's being used for everything from hats to coat linings and trimmings on the new knee-high winter boots.

"It's the biggest fur - trim season in 30 years," says Mrs. Mary Kosalle, Ottawa fashion expert. In the capital practically every major store has windows filled with fur-trimmed coats.

Women are "nuts" about fur, says Mrs. Claude Vance, fashion co-ordinator of a Quebec City department store where about 80 per cent of the coats sold are fur-trimmed.

Mink, Canadian beaver and Persian lamb are the most popular trims but fox, seal and many types of synthetic fur are also in demand.

Dresses and suits, as well as coats, will be trimmed with fur or will be worn with scarves, hoods or stoles for the covered-up or muffled look.

**COMBINE COLORS**  
Color combinations are catching on in Vancouver. Black will be combined most often with brown, and combinations of camel, grey, beige and brown will be available.

Some other regional preferences:  
Toronto — Leather and suede trims on everything, with even suits and dresses made entirely of suede.  
Ottawa — Simple sheath dresses for evening, especially in light, fluffy red wool.

Quebec — Closely cut black wool dresses with simple lines.  
Halifax — Lacy wool knits in dresses and suits.  
St. John's — Two piece double-knit dresses with full skirts.

Regina — Double-knit, three-piece ensembles.  
Winnipeg — Closely fitted turtleneck coats, often with tuxedo fronts.

Edmonton — Black coats trimmed with mink.  
Vancouver — The military look, achieved by blue-green coloring in suits and coats.

## Anglican Wmn's Auxiliary Holds Annual Meeting

MONTREAL (CP)—The 7th annual meeting of the Anglican Women's Auxiliary opened here Monday with Most Rev. John Dixon, retiring archbishop of Montreal, celebrating holy communion at Christ Church Cathedral.

Delegates from across Canada are attending the four-day meeting, held in Montreal for the first time in 21 years.

Mme. Georges Vanier, wife of the governor-general and honorary patroness of the auxiliary, arrived for the opening session and greeted the group. She said she and her husband hoped soon to see a nation-wide study of problems of the Canadian family.

She said Bishop Ernest Reed of Ottawa already had agreed to chair such a committee, at the governor - general's invitation.

The young principal, son of Mr. and Mrs. Earl Sutherland, was christened, Christopher Clive. His god-parents are Mr. and Mrs. H. C. MacNeill.

Later, Mr. and Mrs. Sutherland entertained a few of their friends at a christening tea. Out-of-town guests attending were Mr. and Mrs. Harold Sutherland, of White Rock, grandparents of the baby, who are spending a short holiday in the district, and Mrs. A. D. McKay, cousin of Mrs. H. Sutherland.

Guests at the Totem Inn this week are Mrs. W. Pain of St. Leonards-on-the-Sea, Sussex, England, and her daughter, Mrs. M. McLaren of London, England, who are visiting relatives in the district.

**WIFE PRESERVERS**

**SO TRY IT ON**

# Village Commission "Mad" At Ruling on Sewer Cost

LUMBY (Correspondent) — The Village Commission here were hopping mad this week when they learned the engineering firm had ruled an extension to the sewer project and cost of clay liners in the lagoons must be borne by the village. Cost is expected to run to \$3,000 and will not be completed until Sept. 22.

About 200 cubic yards of clay must be spread in one of the lagoons, and 1,200 cubic yards in the second.

The engineers, Haddin, Davis and Brown, represented by Tom Hatch, said the ruling had been made because clay had not been found at the sight of the lagoons as anticipated by both the engineers and contractor.

"I was with them (the engineers) when they made their test holes and I know all they found was sand, so why wasn't it written into the contract," said village chairman, James W. Ingles.

Some felt less definite about this point, but expressed concern about the clay liner itself.

Commissioner George Morrison said he wished to go on record as not being satisfied with the explanation as to the feasibility of the clay floor in these lagoons—that he feared that it might loosen and rise with the water table next spring despite the weight of water that would be on top of it.

Despite Mr. Hatch's assurance that the contractor was responsible for any defects for one year, Mr. Morrison expressed fear that the engineers might rule it was "something beyond the control of the contractor" and asked if they would accept the financial responsibility because of an error in judgement. Mr. Hatch did not reply.

It was decided to contact the head office of Haddin, Davis and Brown and ask for a written statement of responsibility on this point immediately and before the job was finished. It was also unanimously agreed that the task of administering the village could be a very tough one. "Even with the advice of experts sometimes a village can't win", was a comment.

**OTHER NEWS**

It was reported that repair on pavement would start next week and it was agreed to make the village truck available to the Department of Highway.

On any day but Monday which is garbage collection day.

Village clerk, Mrs. Helen Vosbery told the meeting that district engineer, William Heimling, had visited the office during the previous week and had promised a full report on the proposed drainage ditch at the north end of town to be in the village office almost immediately.

The first two readings were given a new by-law accepting the new provincial ruling re. truckers' licenses. Although the village loses the right to license the truck doing business within its boundaries, the passing of this bylaw will make it eligible for the refund on a per-capita basis as stipulated by the provincial government.

Winter works program for this winter will include fencing and clearing at the village gravel pit in Trinity Valley, also the fencing of the two sewage lagoons, the meeting decided.

After receiving a report of a child-bike collision on a sidewalk in which one of the children lost three teeth, council decided to ask RCMP to tighten up on those riding bikes on sidewalks.

KING OF THE PARKING LOT

The Vernon Fire Department has some of the most modern equipment in the Okanagan Valley, despite this picture of a "so called" fire engine. The black engine, parked almost constantly behind the newly painted fire hall, is used exclusively for parades in the valley. The engine was made by the firemen and contains an old Ford motor. It has won numerous prizes in comic classes, and is seen here as king of the parking lot.

## COLDSTREAM COUNCIL

### Ambulance-Sharing Plan Gets Tentative Approval

VERNON (Staff) — Council in Coldstream has given tentative approval to a Vernon proposal to share, along with Lumby, the costs of operating the only ambulance in the district.

The ratio for sharing will be the same as the school assessment and the percentage basis could change slightly yearly. At present the apportionment will be: Vernon 78.5 per cent, Coldstream 18.5 per cent, Lumby five per cent. It is expected provincial government and the agreement Oct. 9, next council meeting.

Vernon tentatively ratified the agreement last Monday in committee.

One councillor will be authorized to go to Vancouver in search of a steam roller which has been authorized for the municipality. Price approved: \$2,000.

Councillors held an active discussion on the homeowner grant increase proposed by the

CARRIER GALLERY

Super-carrier Charlie Columbus, 10, has won the first week of a contest for carriers getting the most new customers in the Daily Courier circulation area. His prize: An expense paid weekend to Banff and Calgary and a reserved seat at a Western Football Conference game. Charlie is new to the team of ever growing Courier carriers in Vernon. He is a grade six Harwood School student and football is his favorite sport. His ambition is to become a bricklayer.

## VERNON and District CLASSIFIED

36. Help Wanted, Male or Female

VERNON BOYS-GIRLS

Good hustling boys or girls can make extra pocket money delivering papers in Vernon for The Daily Courier when routes are available. We will be having some routes open from time to time. Good compact routes. Also need two boys for downtown street sales. Can earn good money and bonuses. Sign up today. Make application to Mr. Bob Briggs, The Daily Courier, old Post Office Building, Vernon, or phone Linden 2-7410.

## NEW BUILDING

A. K. Allen, of Allen and Huggins discussed a proposed building on a lakeshore lot, changes to the existing building code would be necessary for construction. Correspondence from Ralph Bulman, owner of the proposed building, and answer to Mr. Allen were tabled for further discussion.

## FLOWER GIRL

Debra McAmmond, the bride's younger sister was flower girl, and she wore a yellow organza dress and carried a nosegay of white and mauve feathered carnations.

Victor Feser of Lumby, the groom's brother was best man, while Jim McAmmond and Melvin Feser were ushers.

For the occasion, the bride's mother chose a beige dress with matching jacket and green accessories, and wore a corsage of coral feathered carnations, while the groom's mother wore a navy dress with matching jacket and pink accessories and wore a pink corsage of feathered carnations.

About 150 guests gathered at the Fraternal Hall for the reception. Master of ceremonies was Warren McAusland.

The bridal table was covered with a lace cloth, sent by the bride's aunt in England, for the occasion, centred by the wedding cake, made by the bride's mother, and flanked with bouquets of pink and red roses. The supper was served buffet style.

For their honeymoon trip to the United States, the bride donned an attractive pale blue suit with black pattern accessories and wore a pink rose corsage.

## Legion's LA Hold Meet

VERNON (Staff) — A good turnout was reported at the Royal Canadian Legion Ladies' Auxiliary social night held last week.

Members and guests attending enjoyed the penny bingo games which were played, with proceeds going to the Ways and Means Committee. Refreshments were served at the close of the gathering.

Several discussions were brought up recently at meetings, with thanks going out for the Vernon branch Ladies' Auxiliary Royal Canadian Legion, when the Vernon branch was host to the recent district council meeting held here.

Plans will be made at the forthcoming business meeting on the poppy sale for Remembrance Day.

The monthly business meeting will be held on Oct. 1 in the small Legion Hall, at 8 p.m.

## Enderby Bride Marries At St. Ann's Church

ENDERBY (Correspondent) — The recent wedding of Lorraine Georgina McAmmond, daughter of Mr. and Mrs. James McAmmond, of Enderby and Wilfrid Feser of Gonzaga College, Spokane, Wash., took place in St. Ann's Catholic Church with Rev. F. G. Connellan officiating. The groom is the son of Mr. and Mrs. Anton Feser of Grandrod.

Floral decorations for the church were supplied by Mrs. J. Johnson, wedding music by Mrs. N. Kotylak with Mrs. H. Desnoyer singing Ave Maria.

The bride, given in marriage by her father wore a floor-length bouffant gown of filmy white organza. The gathered bodice featured a scalloped neckline and long sleeves. Her chapel length veil was held in place by a tiara of crystals. She carried a cascade bouquet of pink roses.

The bride's sister, Mrs. Shirley Forgaard of Slocan, was matron-of-honor. Bridesmaids were, Miss Margaret Plumb of

## Rebekah's Deal With Letters At Meeting

VERNON (Staff) — Kalamalka Rebekah Lodge No. 8 held their second meeting of the fall season in the IOOF Hall this week.

Many letters were dealt with, including an invitation being received from the Kelowna Rebekah Lodge No. 38, to attend their meeting which is to be held tonight, with seven Vernon Rebekah's attending. An invitation was also received from the Sunset Rebekah Lodge No. 29, Armstrong, for their meeting on Sept. 27. Guest speaker will be past president of the Itsekah Assembly of B.C., Mrs. Ina Atkinson of Summerland.

Members were also to remember the north zone meeting which is to be held in Salmon Arm October 18.

A report on the United Nations delegates was read, stating that over 1,000 young students visited the United Nations again this year by motor caravan in July and August. Representing the north zone was Miss Christine Epp of Kelowna, winning delegate from North Okanagan, who was chosen on March 23, of this year, and was sponsored by the Kelowna Rebekah Lodge No. 38.

On the agenda for upcoming events, is a rummage sale, to be held soon. Further details will be announced this week.

The next meeting of the Kalamalka Rebekah Lodge No. 8 will be held on Oct. 8.

## AN AIRCO FURNACE GIVES YOU MORE THAN HEAT!

Any automatic furnace will give you some heat. The big difference is how much heat and at what cost. These are the things that make all the difference to your comfort, peace of mind and satisfaction.

For over thirty-five years we have been designing and building quality furnaces and warm-air heating equipment. The Airco furnace that you buy today (whether it's a gas or oil-burning unit) is the end result of all this experience. It's designed by heating engineers, built by craftsmen. As a balanced, precise and reliable piece of equipment, you'll find that your Airco furnace gives you much more than just heat. That's why more people in Western Canada today have Airco furnaces than any other make.

If you're thinking about modernizing your present heating system, or if you are looking for a quiet, efficient heating unit for your new home, it will pay you to talk to your Airco dealer first!

Airco furnaces are available in over fifty models. They can be either oil or gas burning units. There is a style and capacity to meet your exact need.

**AIRCO OIL OR GAS FURNACES**

#### AL-NL ROUNDUP

## Yanks Clinch Pennant As LA Strategy Fails

The New York Yankees finally clinched the 1962 American League pennant Tuesday by beating Washington's last-place Senators 8-3.

Two of the Yankees' long-time stars, left-hander Whitey Ford and slugger Mickey Mantle, fittingly led the Bombers to the deciding victory. Ford was the winning pitcher, Mantle paced the 18-hit attack with four singles.

Moments after the final out, and with the flag safely in Yankee possession, Cleveland Indians polished off New York's closest pursuers, the Minnesota Twins, 5-1. That left the Yanks 5½ games in front with four to play.

For the Yankees it is the 27th league title, their 12th in the last 14 years and their third straight.

#### WAS A STRUGGLE

But it was a long time coming. Slowed down by injuries to Mantle, Ford and last year's relief standout, Luis Arroyo, and hampered by sub-par play on the part of several other key men, the Yankees were never really able to take charge. Dawdling along on their own,

#### REMEMBER WHEN . . .

The famous harness pacer Adios established a record for pacing two heats at Lexington, Ky., 18 years ago today, covering the mile in 1:58½ in both heats. Billy Direct set the mile record for one heat at 1:55 flat in 1938, also at Lexington.

and forced to withstand the surprise challenges of the Twins and the Los Angeles Angels, what was expected to be a season-long romp became a season-long struggle.

Next for the Yankees is another World Series — this one against either Los Angeles Dodgers or San Francisco Giants, currently waging a stiff duel for the National League championship.

Walt Alston, the close-to-the-vest Los Angeles manager, turned riverboat gambler in a bold bid to take his first-place Dodgers a step closer to the National League pennant jackpot with an ace-in-the-hole hand. But the second-place San Francisco Giants picked up the chips.

Alston named his ace, 25-year-old Don Drysdale, to start against Houston Tuesday night with only one day's rest. Drysdale did well in his iron-man effort, but Al Spangler ruined Alston's hand with a 10th-inning home run off Ed Roebuck that gave the Colts a 3-2 decision over the Dodgers Tuesday night.

The defeat trimmed a full game off their lead and left them only two games in front of the pursuing Giants, who closed in as Willie Mays continued his hot hitting and Jack Sanford posted his 23rd triumph in a 4-2 decision over St. Louis Cardinals.

The loss left the Dodgers' pennant-clinching number at four. Any total of four Los Angeles victories and San Francisco defeats would clinch it for the Dodgers. Each team has five games remaining, the Dodgers two against Houston and three against St. Louis, the Giants two against the Cards and three against the Colts.

MICKEY MANTLE . . . four singles

disco defeats will clinch it for the Dodgers. Each team has five games remaining, the Dodgers two against Houston and three against St. Louis, the Giants two against the Cards and three against the Colts.

# Sonny Flattens Floyd In First To Win Title

## Sports

KELOWNA DAILY COURIER, WED., SEPT. 26, 1962 PAGE 7

### NO PIX-NO PUNCH-NO PAY FANS WANT MONEY BACK

NEW YORK (AP)—Boxing fans—angry over paying \$7.50 a seat for less than the two minutes and six seconds of the Sonny Liston-Floyd Patterson fight — staged such a ruckus at the Fox Theatre in downtown Brooklyn Tuesday night that a riot call was sent in to police.

The theatre management—prompted by police—promised the 4,000 closed-circuit television patrons their money back.

The patrons' main complaint was that the picture on the screen blacked out and they never saw the punch that knocked Patterson out of the world heavyweight championship in Chicago.

### Hawks Rack Up Fifth Pre-Season Victory

Chicago Black Hawks, beaten in the Stanley Cup finals last spring, haven't lost a hockey game since.

The Hawks, third-place finishers in the regular National Hockey League schedule, racked up their fifth straight pre-season exhibition victory Tuesday night, defeating Cleveland Barons of the American League 4-2 at St. Thomas.

In other action Tuesday night, Toronto Maple Leafs and Boston Bruins whipped minor league teams by identical 6-2 scores.

Leafs rapped San Francisco Seals of the Western League at Chilliwack, B.C., and Bruins avenged Monday's 2-1 loss to Hull-Ottawa Canadiens by whipping the Eastern Professional League team at Brockville.

Chicago's strong start must be pleasing coach Rudy Pilous, who spent all summer thinking about the Stanley Cup finals in which the Hawks bowed to Toronto in six games.

While the Hawks have played only two games against NHL opposition in their five-game streak, both of those games were wins over Leafs.

Chicago was without centre Stan Mikita who is nursing a sprained wrist and bruised elbow.

American League clubs were also busy Tuesday night.

Rochester Americans humbled the powerful Springfield Indians 6-3 at Bowmanville and Buffalo Bisons, using players from the new Syracuse Braves of the Eastern Professional League, whipped Hershey Bears 3-0.

## Sweeping Order Curbs University Ban On Negro

NEW ORLEANS, La. (AP)—The 5th U.S. Circuit Court of Appeals issued a sweeping restraining order prohibiting Mississippi Governor Ross Barnett and a large number of county, city and other state officials from interfering with the registration of Negro James H. Meredith at the University of Mississippi.

In addition to Barnett, the order names Mississippi Attorney-General Joe T. Patterson, state commissioner of public safety, T. B. Birdson, and district attorneys, police chiefs and sheriffs who the court described as representative of their authority throughout the entire state.

The order was signed by three judges of the appellate court. They set a hearing for Friday in New Orleans.

## UK Issues A Request

LONDON (AP)—The British government today advised shipowners to avoid carrying arms to Cuba.

U.S. State Secretary Rusk has appealed to NATO members to shut off the use of their ships to transport Communist goods to Cuba.

## Soviet Consuls To Quit China

PEKING (Reuters)—Russia has decided to close its two remaining consulates in Communist China towards the end of next month for reasons of economy, according to reports circulating in diplomatic circles here.

Soviet spokesmen here said recently they "knew nothing" when asked to comment on Western reports that China had asked Russia to close the consulates.

Retarded children VANCOUVER (CP)—The Association for Retarded Children of British Columbia has set \$125,000 as the provincial goal for its 1962 fund-raising campaign. It plans to establish an institute for handicapped children at the University of British Columbia.

## Fraud Fires On Increase

TORONTO (CP)—There has been a definite increase in fraud fires in recent years, apparently sparked by a temporary downward economy, unemployment, and similar measures, the International Association of Fire Chiefs was told Tuesday.

"This is history repeating itself," John E. Stuerwald, assistant manager of the arson department of the U.S. National Board of Fire Underwriters, told the 3,000 fire chiefs meeting here.

"A similar situation existed after the turn of the century and again in the 1930s," he said. Of 3,500 fires investigated by the NFBU in the past 12 months, one in five was set for gain. Of that number half were owner-occupied, private homes.

2 ♠ Pass 5 ♠ Pass  
Opening lead—queen of clubs  
A fine declarer makes not only the contracts he's supposed to make, but also some contracts that are impossible, or appear to be impossible to make.

Whenever a contract appears hopeless on the surface the careful declarer will try to see whether or not any method of play or any distribution of the adverse cards will permit the hand to be made.

There may be no solution in some cases, but the declarer is duty-bound to look for one.

Here is a good illustration of the principle. The hand was played by Louis P. Frank, New York attorney. He got to four

spades and West led the queen of clubs. Apparently, two spades and two diamonds had to be lost, and possibly a heart.

But Frank made the hand, despite the bleak outlook, by adopting a method of play that gave him a chance for the contract. He ruffed the club in dummy and finessed the queen of hearts.

When the queen held, he ruffed another club and finessed the jack of hearts. He then cashed the ace of hearts, everybody following suit, and ruffed his last club, the ace. Now he led dummy's established heart.

If East had trumped with the ace, South would have discarded a diamond and made the hand without further ceremony. But East made the more natural play of discarding the eight of diamonds, whereupon Frank discarded a diamond and West ruffed.

West then led the king of diamonds, followed by the jack. Declarer ruffed and returned a spade, the king and ace falling together on the trick. That was the third trick for the defense and also the end of the hand.

Of course, Frank had to be lucky to find East with the king of hearts, to find the hearts divided 3-3, and to get a favorable trump division besides. But if you don't play for miracles in such hands, they won't happen and you'll never win up played by Louis P. Frank, New York attorney.

## YOUR HOROSCOPE

**FOR TOMORROW**  
METHOICIA? — and well-coordinated efforts should pay off now. Concentrate on tasks from which you can derive financial benefit. One admonition: avoid emotionalism.

If tomorrow is your birthday, your horoscope indicates that, for the balance of 1962, it would be advisable to focus your attention on job and financial matters. This does not mean that there will be any spectacular change in either of these phases of your life. What it does mean is that, if you would wind up this year with an improved status along these lines, you will have to adopt a more realistic attitude than you have at times. Librarians are ambitious, resourceful and practical, but sometimes they are inclined toward bossiness, which can arouse resentment in the very persons who could help them

along life's path. Try to face facts, then. There are chances of financial gain for brief periods in October, late November and late December; indications of job recognition, also, in late December. But all of this will depend on your efforts. The stars do not promise any "windfalls."

If single, late December's aspects indicate the possibility of marriage and, if travel's in your mind, next July or August would be good months in which to take off. Domestic interests will be governed by generally favorable aspects for most of the year ahead, but be diplomatic in both family and business circles in October and next February.

A child born on this day will be highly competent and resourceful and may be endowed with great vocal gifts.

## EVER HAPPEN TO YOU?

By Blake

BONNY PRINCE ANDREW

Britain's Prince Andrew is a bonny bouncing boy of two years old. Here is one of the most recent photographs of the young member of royalty taken in the grounds of Buckingham Palace.

## Berlin Move Warning

COPENHAGEN (AP)—NATO Secretary-General Dirk Stikker today warned the Russians that if they move against West Berlin they will be confronted by a series of counter-actions by the Western powers.

## US Set For Space Talk Record

PASADENA, Calif. (AP)—Two months from today, if all goes well, U.S. space scientists will talk with a spacecraft over the longest distance yet.

On Nov. 25 the Venus-bound Mariner II will pass the 22,500,000 mile mark, the point at which the now-silent sun satellite Pioneer IV, launched March 3, 1959, stopped sending radio signals back to earth.

Mariner II, launched last Aug. 27, is scheduled to fly within 9,000 miles of Venus Dec. 14. At that time it will be 38,000,000 miles from earth.

How is it possible to talk over such distances?

Earth-to-earth signals have to travel most of the way through atmospheric interference. Earth to space signals are above the atmosphere after travelling less than 20 miles. And Mariner II scientists are using incredibly powerful radios.

At 2 a.m. EDT Tuesday Mariner II was 4,647,576 miles distant, sending back signals that say all its instruments are operating properly.

WIRTZ TAKES OFFICE  
WASHINGTON (AP)—W. Willard Wirtz was sworn in as labor secretary Tuesday and the Senate has cleared the way for his predecessor, Arthur J. Goldberg, to be sworn in as a Supreme Court justice.

# Stormy Ride For Dief On London Trade Trip

OTTAWA (CP)—Prime Minister Diefenbaker faces a rough ride in Parliament over his recent Commonwealth trade trip to London.

His government's handling of the British bid to join the European Common Market will be the focus of one of the liveliest

issues in the first session of the new Parliament opening Thursday.

But underlying the heated arguments will be the far larger question of the future shape of world trading arrangements and Canada's role in them.

## ANIMAL LOVERS RAP ROYALTY

LONDON (AP)—British animal-lovers today aimed a barrage of criticism at Prince Charles, the future king of England.

Assembled in a protest meeting, more than 200 members of the League Against Cruel Sports unanimously passed a resolution condemning 13-year-old Charles for shooting a stag on the Scottish moors.

On this subject of trade goals, there is an unusual amount of inter-party agreement, but deep differences remain on the path that should be followed.

The prime minister is expected to give the Commons an early report on the 10-day Commonwealth conference in London that studied the trade terms—many of them still hazy—being negotiated by Britain for its proposed membership in the six-nation European Economic Community.

TERMS UNCERTAIN  
In London Mr. Diefenbaker and most other Commonwealth prime ministers made clear their dissatisfaction with prospects for protecting their countries' export markets in Britain.

should the United Kingdom go behind the EEC's common tariff wall. In Canada's case, terms are still uncertain for most of this country's vital exports including wheat, other grains and foodstuffs, processed foods and a group of major industrial raw materials.

Mr. Diefenbaker also presented, in the closing stages of the conference, his proposal for a free-world trade conference aimed at reducing tariff barriers. The other prime ministers gave this idea no support except in broad, general terms.

## Cubans May Gain Asylum In Canada

OTTAWA (CP)—Two Cuban families who left a Czechoslovakian airliner at Gander, Nfld., last Thursday to seek asylum will probably be admitted to the United States, an immigration department spokesman said today.

The five persons—two couples and one child—were on an airliner bound from Cuba to of the staff.

Prague which stopped at Gander to refuel. They left the plane and reported to immigration officials.

Cuban defections at Gander have become so common in recent months that immigration headquarters here no longer handle the cases. There is an unwritten understanding that the U.S. will issue visas to any Cubans who use the Gander "escape hatch."

## Seaman Praised

HALIFAX (CP)—Leading Seaman Charles David Musgrove of nearby Dartmouth today received a commendation of Vice-Admiral H. S. Rayner, chief of naval staff, for saving the life of a shipmate on HMCS Slou.

Rear Admiral K. L. Dyer, flag officer Atlantic coast, presented the commendation to LS Musgrove for "prompt action and initiative." The sailor saved an injured man from drowning last February when the Slou's motor cutter was capsized and carried away in heavy seas off Bermuda.

LS Musgrove is a native of New Westminster, B.C.

MASQUERADING THIEF  
VANCOUVER (CP)—A thief donned the manager's smock at a grocery store here Tuesday and used food carts to transport cigarettes and nylon stockings to a waiting vehicle. Police said the thief passed a part-time employee, who said she thought the man was a member of the staff.

## JFK'S One-Time Rescuer Visits The White House

WASHINGTON (AP)—A wiry little Solomon Islander who once paddled an injured United States Navy lieutenant to safety in the South Pacific during the Second World War met him again in the White House today.

President Kennedy received Benjamin Kevu in his office. It was Kennedy's first reunion with any of the group of natives who found and rescued him after his PT boat was cut in half by a Japanese destroyer in 1943.

They took a message from Kennedy to an Australian coast watcher's station seven miles away. The message had been carved by Kennedy on a coconut. Coastwatcher Reginald Evans sent back a note directing Kennedy to let the natives bring him to the station.

Kevu and other islanders placed Kennedy in a native canoe, covered him with palm fronds and paddled him through the Japanese-infested waters to safety.

The coastwatcher's note, framed, was brought by Kevu to Kennedy and was placed on his desk beside the carved coconut.
